Piri Reis University

Evidence for THE Impact Ratings 2027 – Indicator 10.6.7

Accessible facilities for people with disabilities

Question: Does your university as a body provide accessible facilities for people with disabilities?

Answer: Yes **Data year:** 2025

Summary

Piri Reis University's Sea Campus in Tuzla provides accessible facilities for people with disabilities, in use throughout 2025: accessible lifts with Braille buttons and floor-level guidance markings; tactile guide paths and warning surfaces for visually impaired people; Braille room signs; accessible toilets with grab bars and emergency call cords; reserved accessible parking spaces; and a library workstation for visually impaired users with Braille books. The photographs below were provided by the Directorate of Construction and Technical Affairs.

1. Library facilities for visually impaired users (public web page)
