Piri Reis University

Evidence for THE Impact Ratings 2027 – Indicator 11.2.2

Public access to the University library

Question: Does your university as a body provide public access to libraries, including books and publications?

Value: Yes – access to all after application **Data year:** 2025

Summary

The Piri Reis University Library is open to external users, who may use the library for study after applying with the External User Application form (FR.KTP.01, first issued 03.02.2020, revision 03 of 28.04.2023). The completed form is approved by the Library Director and sent to the University Security Office so that the external user can enter the campus for the period stated. The library also offers a workstation for visually impaired users and books printed in Braille.
